

## **GRIMSTHORPE CASTLE GARDENS**

### **HEAD OF GARDENS & LANDSCAPE**

---

An experienced and knowledgeable candidate is being sought for the position of Head of Gardens & Landscape at Grimsthorpe Castle, Lincolnshire.

The gardens cover an area of approximately 70 acres and are open to the public seasonally. They include herbaceous borders, formal hedges and topiary, ornamental kitchen garden, extensive lawns, roses, and woodland. The gardens are set within 3000 acres of Grade 1 listed landscape consisting of large nationally important areas of SSSI wood pasture and limestone grassland.

The ideal candidate will be suitably qualified with significant practical experience in horticulture and related fields including arboriculture and conservation. Supervisory experience for the day-to-day management of a small team is a necessity along with excellent plant knowledge and competence with the use of a wide range of machinery. Knowledge of H&S legislation and good working practice are required along with the need to be punctual, flexible, and hard working.

A competitive salary will be offered along with a contributory pension and life assurance scheme. Training will be provided to enable work within the gardens to be carried out as efficiently and safely as possible. Accommodation may be available if required.
